

Dear Polish Brothers,

04/17/2010

As president of the Polish-Hungarian World Federation, I have been asked by the various Hungarian organization and churches of Chicago to extend our deepest sympathy on the tragedy that befell Poland this past Saturday.

Our heartfelt condolences go out to all our Polish brothers in this time of national and personal grief. We feel your pain and great loss because of the double tragedy that these deaths represent. Hungarians, as always, remain steadfast supporters of our Polish brothers and as family, we mourn with you our mutual loss.
